

13 November 2024

Dear Parents and Carers,

Belmore School is looking forward to another great year of teaching and learning and would like to advise you of Belmore School's voluntary financial contributions for 2025.

At Belmore School we are very proud of the quality programs and learning environment we provide for our students. On an annual basis School Council prepares a budget to provide resources for educational programs, administration, facilities development and maintenance. Whilst Government funding based upon our number of students covers the majority of the school's operations, additional funds are required to enable the school to continue to provide a high standard of facilities and resources.

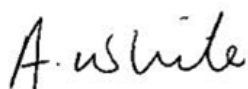

Schools provide students with free instruction to fulfil the standard Victorian Curriculum and we would like to assure you that all contributions are voluntary. We want to thank you for all your support through contribution of voluntary payments to date and assure you this has provided invaluable support to our school and the programs we can offer in order to provide the best possible education for our students.

Within our school this support has allowed us to:

- Ensure every student has a communication system individualised to support their specific requirements
- Students have access to a pool of iPads to enhance their learning opportunities
- Install an interactive multifunction screen in every classroom
- Students have access to relevant learning software programs to support their learning goals.

For further information on the Department's Parent Payments Policy please see a one-page overview attached.

Yours sincerely,

Amanda White  
Principal

Bronwyn Brown  
School Council President
